OPERATORS AND MINERS TIED UP

THE CABINET EXPECTED AN AGREEMENT TODAY, BUT TWO HOURS CONFERENCE DIDN'T BRING IT.

By the Associated Press

WASHINGTON, Nov. 25.—President Wilson's cabinet expected to reach a decision today on the controversy between the bituminous coal miners and operators that would send the miners back to work.

Before entering the meeting Attorney General Palmer said that if the figures as to the operator's profits given yesterday by Former Secretary of the Treasury McAdoo were correct, it was not likely that Fuel Administrator Garfield would permit an increased price for coal. Any wage advance it was indicated, would have to come out of the operators' profits.

Dr. Garfield took to the cabinet meeting cost figures on bituminous coal production. These figures were expected to furnish the basis for an agreement in the cabinet as to the amount of the wage increase the operators would be called upon to bear.

Operators and miners spent two hours in controversy today without breaking the deadlock over the wage question. Leaders on both sides said the negotiations would not be continued until after the cabinet had acted.

LETTER RECEIVED FROM FORMER STUDENT

El Centro, California, November 20, 1919.

Dearest East Central:
As you march out onto the field to fight for E. C. S. N. and you get on your toes for the "game of the season," just remember that "we"—the Durant girl (my wife)—and myself are for you and that we want to see you come through on top!

My wife objects to my saying "we" because we both have brothers playing football. But nevertheless when the Evening Astonisher comes out with the story of the game, just bundle one up and send it to me.

I must have a Pesagi—so tell the book agents.

Gobs o' regards to my old home school! Go for Durant's goat.

Notice of Intention to Fund.

State of Oklahoma, Pontotoc County—ss.

I, the undersigned, of lawful age, being first duly sworn on oath, depose and say: that the following is a true and complete copy of the Notice of Intention to Fund posted by me in five public places in the town of Francis, Pontotoc County, Oklahoma, on the 25th day of November, 1919.

Notice is hereby given that on the 8th day of December, 1919, at 9 o'clock A. M., or as soon thereafter as a hearing may be had, the Town of Francis, Pontotoc County, of the State of Oklahoma, by its proper officers will proceed before the District Court of Pontotoc County, Oklahoma, to make a showing and offer proof and ask said Court to hear and determine the existence, character and amount of the legal outstanding judgment indebtedness of said Town of Francis, and to sign the bonds to be issued in payment of same.

All persons interested may be present at the time said proof is made to remonstrate against the issuance of said bonds.

Dated this 25th day of November, 1919.

H. H. HUDSON,

President, Board of Trustees.
Attest: J. H. Vickrey, Town Clerk.
(Seal)

State of Oklahoma, Pontotoc County—ss.

I, the undersigned, of lawful age, being first duly sworn on oath, depose and say: that the above and foregoing is a true and complete copy of the Notice of Intention to Fund, which I caused to be posted in five public places in the Town of Francis, Pontotoc County, Oklahoma, on the 25th day of November, 1919; that said notices were posted in the following places, to-wit:

One at City Hall;
One at Front of Bank of Francis;
One at Front of Francis National Bank;

One at Post Office;
One at City Garage.
And further affiant saith not.

AT THE AMERICAN.

The American is showing a picturization tonight of the famous detective story that was read and enjoyed by so many people when it was published in the Saturday Evening Post. The story was written by Arthur Roche and his host of admirers will be glad the story has found its way to filmland.

AT THE LIBERTY.

Showing all this week at the Liberty can be seen the popular "French Frolics." This is one of the cleanest, liveliest vaudeville shows that makes this route. They have an entire change of program every day and these programs consist of good dancing, popular and ragtime singing, and a dandy good black face and other comedians.

Together with this is the regular every day, splendid picture program that can always be seen at the Liberty any day.

Ada Lions Club and Chamber of Commerce Meet

The Lions Club met in regular luncheon and business session at the Harris Hotel from eleven to twelve o'clock today. The club passed a resolution by which it agrees to co-operate with the Twentieth Century Club, at the request of Mrs. Tom Hope, in the matter of bringing to the city this winter some extraordinary entertainment talent, particulars of which are to be announced at a later date.

At about the same hour the officers of the Chamber of Commerce were at luncheon and had as their guest Rev. R. L. Morgan, of Ardmore, Field Secretary of the Oklahoma Methodist Educational Commission. He is making a preliminary canvass of the cities which are bidding for the million dollar Methodist University, soon to be located, and stated that the candidates to date were Ada, Shawnee, Tulsa, McAlester, Okmulgee, Sapulpa and Oklahoma City. Ada was honored with the first visit by the secretary.

He has no proposition to offer any of the places on behalf of the authorities who will have to do with locating the institution, but says that the campus and bonus offered, the moral atmosphere, the location from the standpoint of health and other natural advantages will all be taken into consideration.

Rev. Morgan addressed both bodies jointly in the parlors of the Harris and his remarks were listened to intently by all present.

Wholesale Pardons Tabooed This Time, Says the Governor

OKLAHOMA CITY, Nov. 25.—Governor Robertson will not follow the custom of his predecessors in the executive office of issuing large numbers of paroles and pardons to inmates of state prisons at Thanksgiving and Christmas time. It was announced by Judge O. H. Searcy, state pardon and parole officer.

"If a man is entitled to clemency he should have it just as much on the Fourth of July as any other date," said Judge Searcy in announcing the governor's decision.

"It is the policy of the governor," he continued, "to give the closest consideration to every appeal for clemency and where the facts in the case warrant it, clemency will be extended. The season of the year should not and will not have any effect on releasing inmates of the penal institutions."

It is considered probable, however, that the governor may in a few instances issue leaves of absence to a few to spend Christmas with relatives.

MILITARY GENIUS OF MEXICO MAY BE SHOT

By the Associated Press

JUAREZ, Mex., Nov. 24.—General Felipe Angeles, military genius of Mexico, today awaited the conclusion of his trial at Chihuahua City before a military court, the verdict of which may mean his execution. It probably will be several days before the former comrade in arms of President Carranza learns of his fate, according to advices received here.

Two of the three men captured with General Angeles already have been put to death.

Pride Goeth Before a Fall

MEXICO FAILED TO REPLY TO LANSING

By the Associated Press

WASHINGTON, Nov. 25.—Secretary Lansing went into the cabinet meeting today without a reply to the American note demanding the immediate release of William O. Jenkins, American consular agent at Puebla, and warning the Mexican government that further molestation of the agent would seriously affect the relations between the United States and Mexico.

Mexico's failure to make a prompt reply apparently has created an unfavorable impression in official circles and the cabinet was expected again to discuss the whole Mexican situation.

KILLS FAMILY THEN TAKES HIS OWN LIFE

By the Associated Press

ABERNATHY, Sas., Nov. 25.—Determined apparently to wipe out the entire family of Mr. and Mrs. Fred Hanson, farmers living near here, J. R. Sullivan, an American, visiting at the Hanson home, shot and killed Mr. and Mrs. Hanson, seriously wounded the older Hanson boy, lined up the three other Hanson children apparently to kill them but then changed his mind and killed himself. The Hansons came here from Minneapolis.

RUMANIA GIVEN ANOTHER CHANCE TO SIGN TREATY

By the Associated Press

SENATOR HARDING IN RACE FOR PRESIDENT

By the Associated Press

WASHINGTON, Nov. 25.—Friends of Senator Warren G. Harding of Ohio, after several days of conference with him and other republicans of prominence here, have formally announced that an active effort would be made to obtain for him the republican nomination for president.

In a statement declaring Ohio republicans would line up solidly for Mr. Harding, Harry M. Daugherty, a member of the state executive committee, declared the Ohio senator had "practically been forced into the contest."

Senator Harding himself had no announcement to make, although it was indicated by his friends that he might issue a statement soon. He recently declared publicly he was not a candidate.

A MOST COMPLETE POLITICAL MIXTURE

By the Associated Press

PARIS, Nov. 25.—The present political campaign in France has brought together on the same tickets, candidates of the most divergent political opinions, nobles and plebeians, tradesmen, wage earners and bourgeois members of the French Academy along with illiterate peasants. All are united against the Bolshevik peril or the extremists of the Socialist party.

One of the most striking instances of reconciliation of political enemies occurred in the Bordeaux district. Captain Marcel Gounouilh, proprietor of the La Petite Gironde, appears on the same list with Paul de Cassagnac.

Captain Gounouilh is the grandson of the founder of the newspaper, the first great republican newspaper to appear under the Empire of Napoleon III and which conducted such a bitter campaign against the regime that it was several times suppressed and its editor arrested.

Paul de Cassagnac is the son of the fiery Bonapartist deputy, who incarnated during the Third Republic the devotion of some of the French nation to the Imperial cause.

The former hostility of the Gounouilh and the Cassagnacs in southwestern France attracted as much attention as a bloody family feud in Kentucky. The heads of the families, met on the field of battle when fighting the Germans, were both wounded, decorated, became friends and now have joined in the campaign against Bolshevism.

Captain Gounouilh wounded at Verdun was placed in charge of the Bureau of Information for Foreign Newspapers at the war office and is remembered for his unflinching courtesy and kindness to foreign scribes during the strenuous days of 1918.

Aliens Awaiting Deportation Trial Inaugurate Strike

By the Associated Press

NEW YORK, Nov. 25.—An anti-trial strike called by 66 alleged radical aliens awaiting deportation hearings at Ellis Island still was in force this morning according to officials of the prison and it was impossible to predict when the trials could be resumed.

The strikers sent to Byron Uhl, commissioner of Immigration, an ultimatum saying that they would not answer to their names or attend trial until a wire screen behind which they were compelled to stand while receiving visitors had been removed.

JUNIORS, BASKET-BALL CHAMPIONS

The different classes of the Normal have been playing a series of basketball games to decide the championship for the fall term. Last Friday night the Seniors and Sophomores combined forces and played the Juniors and Freshmen. The victory went to the Junior-Freshman team. The first and second year classes met and the first year was the winner. On Monday night the victorious teams played one of the closest games that spectators have witnessed in a long time. At the close of the first half the score stood 9-1 in favor of the first year class. The real playing was done in the second half when the Juniors determined not to be out-classed. The final score stood 13-14 in favor of the Juniors, thus making them basketball champions for the term. Each team threw one field goal that did not count. The players were: First Year—

Aurda Bray and Bertha Bray, forwards; Kathryn Stone (capt.), and Loreta Cowling, centers; Sammie Bentley and Thelma Mooney, guards.

Juniors—Lillian Thompson and Dorothy Wagoner, forwards; Estella Holland and Willie Cole, centers; Kora Kamp and Bernice Bradford (capt.) guards, Mrs. Wilson, referee.

ENFORCEMENT OF DRY LAW UP TO LOCAL MEN

By the Associated Press

WASHINGTON, Nov. 25.—Enforcement of constitutional prohibition will be placed squarely up to state and municipal authorities and the federal government machinery will not intervene unless obvious inefficiency on the part of local officials makes such action necessary, the board of temperance of the Methodist Episcopal church was told here today by John F. Kramer, federal prohibition commissioner.

It was said to be Mr. Kramer's first pronouncement of policy since he assumed office a week ago.

JAY INTERVIEWS ITALIAN PREMIER

RECENT ELECTION SAID TO BE A SAFE VOUCHER FOR DISCONTENT AND EXCITEMENT.

By the Associated Press

ROME, Italy, Nov. 24.—Peter A. Jay, American charge of affairs had a long interview with Nitti today. Neither the premier nor the American embassy would make a statement relative to the subject discussed, but it was indicated that Mr. Jay received a favorable impression from the outline the premier gave him.

The election has proved a safety voucher for discontent and political excitement, and it now appears that the election urging an upheaval is now an insignificant minority of the nation. Socialists who at first were so overcome with joy over their victory that they were uncertain how to utilize their strength in the change, or listening to the advice of older and more moderate members of their party. It appears these older statesmen will succeed in moderating the situation so that no serious trouble will occur.

Tulsa Policemen May Be Forced to Surrender Union

TULSA, Okla., Nov. 25.—Members of the unionized Tulsa police force may be compelled to surrender their union cards or give up their jobs, according to a letter received by Attorney General Freeling from Mayor C. H. Hubbard of Tulsa.

Hubbard says the police force of Tulsa is unionized and affiliated with the American Federation of Labor, and declares the oath of members of the labor federation is "at right angles with the oath of these men as policemen." Hubbard says the degree of loyalty expected and demanded from policemen can not be obtained while they are members of the union.

Hubbard asks Freeling for an opinion as to whether it is within his power as chief executive of the city of Tulsa to require members of his police force to surrender their union membership or give up their jobs.

Freeling said he would give his reply Monday.

NEW MEXICO IS COMING OIL FIELD

ADA MAN DECLARES SUNSHINE
STATE WILL RIVAL TEXAS
IN OIL FIELDS EX-
CITEMENT.

According to Harry B. Gutchess, former Ada resident, who returned today for a brief stay, if New Mexico does not open up one of the biggest oil fields in the country, all the geologists of the United States may as well go out of business.

Every oil man of prominence is proclaiming the wonderful possibilities of the Sunshine State and development is going ahead at top speed. The eastern tier of counties is particularly favored owing to its proximity to Texas, but every part of New Mexico is the scene of great activity and scores of new companies are being formed to drill on the structure declared by geologists to be oil bearing.

The Nu-Mex Oil Company, of which Mr. Gutchess is general manager, is drilling in Roosevelt county in the center of the field being most developed. The location of the well was selected by Geologist R. O. LaNeve, who made a great record in Texas in the selection of successful drilling sites. LaNeve says that gas should be encountered around 1200 feet and oil at a greater depth. The oil fraternity is watching the drilling of this well with deep interest and many of the big companies have purchased leases close by. Other wells in Roosevelt county are being put down and several locations have been made for wells to be drilled as soon as the rigs and tools can be put on the ground.

Ada People Interested.
Ada people are deeply concerned in New Mexico oil developments, as the Nu-Mex Company was formed by local business men who secured the leases and started the well. Recently Chicago capital bought into the company and stand ready to begin another well when the present operations prove the field. The Nu-Mex Company has many thousands of acres of leases and should oil be struck money is assured for adequate development of the entire tract.

Secretary C. G. Anderson left for Chicago last night to confer with the men there regarding future plans. There has already been a showing of oil at a depth of 485 feet and if it should turn out that Roosevelt county is a shallow field, as the drilling contractor maintains, the Nu-Mex management wants to be ready to start other wells without delay.

Gutchess is most enthusiastic over New Mexico as a coming oil field. He says it is impossible that all the expert oil authorities can be wrong. The structures are so prominent that their existence cannot be denied and it is thought that within six months will be the scene of a rush that will rival the Texas excitement. Living conditions are excellent and oil men will not be called upon to endure the discomforts experienced in other new fields.

"NO OTHER CHILL TONIC EVER GAVE SUCH SATISFACTION"

IS HOW OKLAHOMA MAN EN-
DURES SWAMP CHILL AND
FEVER TONIC.

Mr. Harve Smith of Halleyville, Oklahoma, tried various chill tonics, but found nothing that equalled Swamp Chill and Fever Tonic. He says this famous remedy never failed to cure his chills.

Thousands of others who once suffered from malaria, ague and similar ailments praise Swamp Chill Tonic as strongly as Mr. Smith. For 20 years it has been the one never failing remedy.

Swamp Chill Tonic acts quickly and surely. It seldom takes more than three days to break up chills. And no purgative has to be taken with it—the medicine itself acts gently and agreeably upon the liver and bowels.

There is no Calomel in Swamp Chill Tonic—nothing but purely vegetable ingredients and iron. It is tasteless, and pleasant to take. Numerous physicians prescribe it regularly—they know it is the best remedy there is for malaria, ague, chills, fever, colds, grippe, etc.

Dealers everywhere recommend and sell Swamp Chill Tonic. The price is 60 cents. Try a bottle.

THINKS McADOO WILL CARRY DEMO. BANNER TO VICTORY

Dallas News:
That William Gibbs McAdoo, son-in-law of President Woodrow Wilson, secretary of the treasury, and director general of railroads during the war, will be the standard bearer of Democracy next year and will carry the flag to victory, is the confident belief of Sidney E. O'Bryan, editor of the Trinity County Star at Groveton. Mr. O'Bryan has recently returned from Washington, where he had been doing departmental work.

"I am in thorough accord with the views of Pat O'Keefe of Dallas," he said yesterday at the Adolphus Hotel. "I regard William G. McAdoo as the man on whom the democrats will settle as their choice for president in 1920, and feel certain he will be elected."

SIR JOSEPH COOK DISPUTES MR. WILSON

By the Associated Press
SYDNEY, Australia, Nov. 25.—Sir Joseph Cook, Minister for the Navy, recently declared in a speech before the Millions Club here that "the freedom of the seas, the strong clause in President Wilson's fourteen points, was never once mentioned during the Peace Conference."

"President Wilson realized," Sir Joseph continued, "that the navy is the sacred ark of the British covenant, and that it was not even discussable. Once left the British navy go and the world would be poorer as well as the Empire."

MRS. BOWLING SAYS THAT HER TROUBLES BEGAN 7 YEARS AGO

"I suffered for so many years that it's a wonder how I got along before I found out about Tanlac," said Mrs. N. W. Bowling, of 408 Oklahoma Ave., Oklahoma City, Okla.

"Seven years ago," she continued, "I began having trouble with my stomach, liver and kidneys that gradually undermined my health. After nearly every meal I would swell up with gas and have a heavy feeling and an awful pressure on my heart that caused shortness of breath and distressed me very much. My liver was out of order and I suffered from sharp, cutting pains through my side. My nerves were shattered and I could hardly ever get a good night's sleep, the agony I suffered was terrible and until I took Tanlac I hadn't been a well woman in years."

"Soon after I began taking Tanlac my stomach quit hurting and my appetite began to improve. This was some time ago and I can now eat anything I want and am never troubled with gas or swelling like I was before. For the first time in years I am free from all pain and I sleep all night like a baby. I have gained some in weight and am glad

to recommend Tanlac to other sufferers, for I know of nothing that will benefit them like Tanlac will." All Druggists Sell Tanlac. adv

WHO WILL BE THE NEW STATEHOUSE APPOINTEES?

OKLAHOMA CITY, Nov. 25.—Gossip at the statehouse has developed three "hunches" as to appointments by Governor Robertson to fill important vacancies. George F. Clark, secretary, is the most likely possibility for appointment as chairman of the state board of public affairs, to succeed Ben Lafayette,

resigned, and Albert Sydney Johnston Shaw, secretary school land commission, would probably succeed Clark as secretary of affairs.

Charles J. Kendle, assistant secretary of state, is regarded as probable choice as successor to Judge H. R. Christopher as secretary to the governor.

There is no indication of a successor to Ed M. Frye as deputy prison warden.

There will probably be one thousand visitors in the city for Thursday, Friday and Saturday.

Not Enough Hotel Facilities

There are not enough rooms at the hotels in the city to accommodate more than a small percentage of those who will be here. The result is that

WE MUST OPEN OUR HOMES

Ada cannot afford to let these teachers go away with a feeling that we let anything stand in the way of their comfort and pleasure. The time is at hand when we must act if it means a bit of inconvenience.

Get into communication at once

with President J. M. Gordon at the Normal or Prof. J. E. Hickman at his office, Phone 255, and tell them what you can do.

Committee Out Again Tomorrow

The committee which solicited homes last Wednesday succeeded in getting only one-fourth enough homes. A new canvass will be made tomorrow [Wednesday]. Welcome this committee and help all you can. Those who desire to charge, the price will be \$1.00 for a bed or \$1.50 for bed and breakfast.

Among the mammoth items in the late congressional appropriation bill is one of \$750,000,000 to run the railroads for another brief season. This is 75 per cent of the entire cost of government just before the war. Such an appropriation suggests to the tax-ridden public the exceeding desirability of getting rid of the railroads just as soon as the government can. Under the present management the public is taxed to the very bone to pay a guaranteed income on millions of dollars worth of watered stock and to increase the wages of the highest paid laborers in the country. The system is a fine exemplification of the old process of playing both ends against the middle—the much battered public being the suffering middle.

The Soviet ambassador to the United States testified in a law court in New York that the Russian bolsheviks have murdered 1,500 of their own leaders. It would not be so easy to name the number of their enemies they have murdered. One can only guess. The sordid story throws a white light on the campaign being made for the bolshevik in America. Judge Carney of Oklahoma City says the bolsheviks have the best government on earth.

What has become of the old fashioned panics that used to visit the United States every locust year? The G. O. P. used to tell us that panics were sent by Providence to punish us for our sins. And Homer Cummins says they were sent to punish us for the sin of voting the republican ticket.

One strike that would be abundantly justified under existing conditions would be a strike of taxpayers.

Cloer-Harris.
At nine o'clock last evening at the home of the groom's parents, 108 S. Broadway, the wedding of Miss Winnie Harris, daughter of Mr. and Mrs. J. W. Harris, to Mr. Hobson J. Cloer, son of G. W. Cloer, was solemnized, the Rev. C. V. Dunn, minister of the First Christian Church officiating. The ring ceremony was used.
Upon the stroke of nine Rev. Dunn entered the room, immediately followed by the two bridesmaids, Miss Pauline Harris, elder sister of the bride, and Miss Myrtle Cloer, sister of the groom. Behind them came the maid-of-honor, Miss Marie Harris, and the best man, L. V. Lee. Following them the bride entered leaning upon the arm of the groom, led by the beautiful little ring-bearer, Winnifred Dunn, daughter of Rev. Dunn, carrying the ring on a small basket of downy-blue satin with a basket of chrysanthemums on her arm.
After taking their places under an arch of blue and white constructed in one corner of the room, the ceremony proceeded. After which prayer concluded the ceremony and the due congratulations of parents and friends followed. Delightful refreshments were then served.
The bride was dressed in a beautiful dress of turquoise blue satin draped with georgette, trimmed with silver lace, and a beautiful bouquet of white cornations and "love-in-a-mist." Miss Pauline Harris, one of the bridesmaids, was dressed in a beautiful dress of flesh-colored georgette, while the other bridesmaid, Miss Myrtle Cloer, wore white satin draped with white georgette, also trimmed in silver lace with a girdle of streaming white satin ribbon. Miss Marie Harris, maid-of-honor, wore a dress of flesh-pink draped with pink chiffon. The bridesmaids and maid of honor each wore a beautiful corsage bouquet of pink carnations.
Miss Winnie Harris was a student of East Central State Normal, also a successful school teacher, having moved here with her parents about four years ago from Dallas, and has since been a popular member of the younger set.
Mr. Hobson Cloer has just recently returned from the army, having served 16 months in France and is now engaged in a prosperous business in Ada.
They were showered with many beautiful gifts.
About 27 of their closest friends were present and all wished them many years of nuptial happiness.

The Better Quality of
OUR RUGS!

The purchase of a Rug is not an every day occurrence. And it involves an outlay that warrants your careful consideration.

The important thing to consider is Quality. If the Rug you select is made right, of durable materials, the price you pay is of secondary consideration—the cost should be measured in length of service. That is what you can count on when you come here—Rugs of better than usual Quality at prices that makes buying them a real economy.

Camel
Cigarettes

CAMEL cigarettes win smokers from the start because the expertly blended choice Turkish and choice Domestic tobaccos make possible Camel's delightful mellow-mildness with that all-there "body."

Camels meet your fondest cigarette fancies in so many ways. Their flavor is unusual and refreshing; and, they permit you to smoke as long as you will without any unpleasant cigarette aftertaste or unpleasant cigarette odor. They're simply a cigarette delight! That's the way you'll put it!

You'll find Camels good all the way through. It is a fact, you'll prefer Camels expert blend of choice Turkish and choice Domestic tobaccos to either kind of tobacco smoked straight! And, Camels may be smoked liberally without tiring your taste.

To know Camels best compare them in every possible test with any cigarette in the world at any price!

Camels are sold everywhere in economically sealed packages, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Case of Abandonment.

Mrs. Allie Foster filed a charge Sunday against her husband, Jim

Foster, for abandonment. While in Allen working, he sent his wife a card with the inscription: "I'm a long time gone," upon it, which was the cause of the above action. Therefore the officer went after Mr. Foster and lodged him in the county jail.

Monday morning Mrs. Foster repeated of her harsh action and appeared at the jail to demand the

return of her husband. This was refused until she secured bond for \$1,000.00 for his release. After he had agreed upon the condition of the bond that if he failed to live with her he was to pay alimony of \$30 per month he was turned over to her and they left arm in arm after a perfect reconciliation.

This Thanksgiving —and Next!

If you are the proud possessor of a growing bank account that spurs you on to bigger things—be glad; you have just cause for thanksgiving!

If you cannot count this among your blessings, NOW is an opportune time to begin an account in this Institution.

Add to it, not spasmodically with large sums necessarily, but systematically with regular even though small deposits.

And next Thanksgiving you'll rejoice that you started when you did, and be thankful for the benefits which will inevitably have followed your action.

McADOO SAYS MINERS ARE ENTITLED TO WAGE RAISE

By the Associated Press
NEW YORK, N. Y., Nov. 24.—Soft coal miners made "shocking and indefensible profits" in 1917, and there is "grave doubt", that they are entitled to increased prices, because of the proposed 31 per cent increase in miner's wages, William J. McAdoo, former secretary of the treasury, declared today in a telegram to Mr. Garfield. Mine owners' profits as shown by their tax returns, examined by him as secretary of the Treasury in 1918, he said, showed earnings on capital stock as high as 2,000 per cent. "I am convinced that the wage increase proposed for the miners is just and reasonable," he said.

Aluminum Factory In Home Town of Shakespeare, Poet

By the Associated Press
STRATFORD-ON-AVON, Nov. 25.—An aluminum factory is to be constructed in this town, famous as Shakespeare's birthplace. A suggestion that its erection would constitute "the first step in the industrialization of the city" has been rejected upon recommendations to Stratford Council "that the anticipations of a possible loss to the world culture" as a result were not such as could justify a prohibitive order.

GRAVES OF GRANDMOTHERS NO PLACE FOR FESTIVITIES

By the Associated Press
MEXICO CITY, Nov. 25.—A new municipal law forbids Mexicans to hold fiestas in cemeteries over the graves of their grandmothers or other relatives, as has been the annual practice of the poorer people on All Souls' Day. This action has been taken at the request of the church authorities.

For years one of the most popular holidays in the long calendar of such days in Mexico has been All Souls' Day, which by regulation of the Catholic church is dedicated to the dead and as such should be observed as a solemn occasion. The poor class of native, however, has turned it into a day of hilarity and general rejoicing and it was no uncommon thing to find a happy group drinking pulque and singing songs over the grave of some dear and deceased relative. The merry-making was stopped this year by order of the city council.

IN damp, chilly weather there is always a large demand for BALLARD'S SNOW LINIMENT because many people who know by experience its great relieving power in rheumatic aches and pains, prepare to apply it at the first twinge. Sold by Bart Smith.

IMPEDIMENT IN THE STRIKE SITUATION

By the Associated Press
CHICAGO, Nov. 24.—Proceedings through impediment of Judge A. B. Anderson of the United States district court, in the coal strike, was formally announced today in a petition addressed to congress. The judge's action in granting the government a mandatory injunction ordering the call off of the coal strike, was the reason assigned to the action.

The action followed presentation of a report by E. L. Martin, of Oklahoma, official of the United Mine Workers, who objects to the procedure as a waste of time. Nevertheless Martin and every other delegate to the convention signed the petition.

GERMAN PRESIDENTIAL CANDIDATES APPEARING

By the Associated Press
BERLIN, Nov. 25.—Candidates for nomination for the presidency are making their appearance though the next presidential elections in Germany are presumably some months away, certainly are not set as yet. The latest to be mentioned, by himself, is Adolf Damaschke of Hamburg, who has announced that he will accept a call to run for the office if he hears it from "men and women of all camps."

To further the "call" Herr Damaschke has affixed a list to his declaration of willingness, to be signed by all those who favor him. The Berlin Tageblatt says he is not only ill-advised but will set a bad example, and, that candidates for the presidency will grow up like mushrooms after a fruitful rain.

Herr Damaschke formerly was a school teacher but gave up teaching to devote himself to social political studies. He is the author of many pamphlets on social political subjects.

This Warrior Sees No Likelihood of A Universal Peace

By the Associated Press

SYDNEY, Aus., Nov. 25.—"I see no likelihood just yet of universal peace," said Lieutenant General Sir Harry Chauvel on returning from war service in Turkey and Egypt. "Until this is in sight we must be prepared for war," he added. Sir Harry was the commander of the famous Anzac Corps and leader of the Australian Light Horse and New Zealand Mounted Rifles in Egypt and Palestine.

Nazimova to Be Seen In 'The Red Lantern'

Famous Star in Remarkable Play To Be Seen at American Theatre Here.

Nazimova, the distinguished Russian star, will be the feature in the powerful Metro super feature, "The Red Lantern," at the American Theatre on Thursday and Friday, next. In it she is seen in a dual role, which gives her opportunity for the most powerful characterizations of her brilliant career.

The two roles which she enacts are as widely different as the poles—one is that of the Eurasian girl, Mahlee, and the other, Blanche, her English half-sister.

The story tells of the life of this half-caste girl, who, born in a coffin shop in the Chinese quarter of Peking, is at the death of her grandmother, taken to the Christian Mission and brought up amidst European surroundings, the conflicting blood which surges in her veins causes her passionate restlessness—she feels the lure of China, the mysterious and passionate land of her mother, but the inheritance of her English father, the ideals and intellect of the West are strong within her and she is like a ball in the hands of fate—flung from one extreme to the other.

How she becomes the powerful War Maiden of China—the Goddess of the Red Lantern—is shown in this play of remarkable and startling happenings where all the mystic and gorgeousness of the vivid East is woven into a powerful and fascinating drama. The tale of the Purple Forbidden City—the customs and superstitions of secret China—the gorgeous pageantry and pomp which surrounds the Orient with golden glamour is shown with a touch of magic which brings romance to life.

The production is one of clever artistry with a star of rare genius who is ably supported by such noted players as Darrell Foss, Noah Beery, Frank Currier, Winter Hall, Mrs. McWade, Virginia Ross, Edward J. Connelly, Amy Van Ness, Harry Mann, William Eagle Eye, Yukio Aoyama. The production was directed by Albert Caparelli and produced under the personal supervision of Maxwell Karger, director-general.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds the FIRST TREATMENT is most important. SIX SONS CONFER MASONIC DEGREE UPON THEIR FATHER

GUTHRIE, Okla., Nov. 25.—One of the very interesting things coming up at the Oklahoma Consistory Masonic reunion held in this city during the last week was the report from Watonga of a very unusual event in the work of the Masonic lodge of that city. At a recent session of the lodge six sons of George A. Abshire of Eagle City took the chairs of the lodge and conferred the degree of Master Mason upon their father, who is 70 years of age. The sons are all residents of Oklahoma, prominent business men or farmers. There is a seventh son, who is not yet of age, but expects to become a Mason as soon as he reaches his majority. The event is probably unparalleled in Masonic history, and the Watonga lodge celebrated it with a banquet in honor of the family.

New Treatment That Knocks Rheumatism

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling, just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expenses to me personally."

F. H. Delano, 1467 Griffin Square Bldg., Syracuse, N. Y. I can send only one Free Package to an address.

Notice, Royal Arch Masons. Ada Chapter No. 26, R. A. M., will meet at 7 o'clock this evening for work in the Mark and Past degrees. Every Chapter Mason in Ada is urged to attend.—F. C. Sims, Secretary.

Thanksgiving—1919

Again we are called upon to pause for one day in order to give thanks to the Creator for the many blessings that have come to us during the year. In spite of all the sorrows in the world, there has probably never been a time when the people of this country were more generously blessed than we are today. May we withstand the temptations of prosperity as well as the evils of adversity. And may we overcome that greatest of stumbling blocks—SELFISHNESS, realizing that the sure way to keep prosperity and happiness with us is to "work and save."

Skirts Keep Step With the Times

The separate skirt has extended its field of usefulness and entered the ranks of apparel for morning, noon and night. It appears this season in such stuff as nets and lace, trimmed with crystal beads or jet and with sequins, or one runs across it in brilliant velvets, beautifully draped, in models meant to glow or twinkle under the lights of evening.

To be worn at the other end of the day and on the street there are very handsome skirts of plain or striped, or cross-barred woolen materials. They are in quiet colors, as taupe, brown, dark blue, black and white combinations. Among the handsomest there are models made of materials having broad diagonal stripes, laid in flat box plaits. Each plait breaks the stripe and is stitched down or pressed in from the waist line downward.

Besides these varieties there is the skirt for afternoon wear with a dressy blouse. It appears in plain velvet,

draped at the hips; in skirts made of three or more tiers of scant flounces, having hanging, looped bands about them, or skirts with these bands over tunics of another material, like the model shown in the picture. In this skirt the tunic is of satin and the looped bands of wool like the under skirt. They are suspended under a girdle of the satin and are lined with it. The pointed ends of these bands, turned back and fastened down with a covered button, give the effect of a small pocket at each side.

The tunic skirt and the tiered skirt are to be recommended when one wishes to remodel a last year's suit and make it into something new in style. Along with the one-piece dress, the separate skirt has an important place in every up-to-date wardrobe.

When the Editors of Oklahoma Gathered at the Great State Fair

List of Oklahoma editors and publishers who failed to attend the Oklahoma state fair Friday contain very few names.

The largest meeting in the history of the Oklahoma Press association was held at noon when the editors and members of their families were guests of the fair at a chicken dinner. Attendance there was 425, which included about 20 students from the school of journalism at the University of Oklahoma.

In spite of the fact that 60,000 persons were on the grounds, the editors seemed to be the whole show. Everywhere one saw red "press day" tags or white reception committee badges. Everyone had a good time despite the fact the entertainment did not include seeing and hearing President Wilson.

Great Clamor for Tickets.
A great jam occurred at the Hickman hotel between 7:30 and 10 a. m. while the editors were registering. Every one clamored for a ticket to the Wilson meeting. Most of them obtained one for each newspaper represented. If two representatives attended from the paper or a man was accompanied by his family, some one was left out.

After registration the editors saw Douglas Fairbanks in "His Majesty, the American," at the Empress. It was a good picture. Then they filled up two special cars and went to the fairgrounds for dinner.

J. W. Kayser, president of the association, presided at the dinner and introduced as the speaker E. K. Gaylord, editor of The Oklahoma and Times, who talked on labor unrest and the need for a stronger organization of Oklahoma publishers.

Printers Want \$1 an Hour.
Gaylord cited the New York situation where magazines say they may be forced to suspend because of demands of union labor, and in Oklahoma City, he said, printers have demanded \$1 an hour for their work.

Gaylord said the papers now have a contract with the union which has not expired and that they have voluntarily raised wages in the last year and are now paying above the scale to everyone. The printers disregarded these things, he said, in their new demands. He did not say whether the demands had been granted.

Most of the editors present applauded the speaker and appeared to approve his statements. He de-

clared bolshevism and I. W. W. radicalism have entered into the control of union labor.

Following the dinner the newspaper men saw the fair exhibits and attended the races, the midway shows, and other attractions according to their taste for entertainment. Most of them stayed for the night show, a gigantic fireworks reproduction of "The Battle of Chateau Thierry."

Best of All Press Days.
Taken as a whole, the day probably was the best press day in the history of the fair despite the fact that the main attraction was missing. All editors, regardless of politics, expressed deep regret for the illness of President Wilson and a sincere hope for his early and complete recovery.

E. S. Bronson, secretary-treasurer of the press association, said after registration in the morning that the association now has more members than ever before. He said the treasury now contains about \$800. Bronson was assisted by his partner, N. A. Nichols.

The entertainment committee, which was a big factor in making the day a success, included O. C. Hammons, publicity director of the fair; O. W. McKown, Western Newspaper Union; E. H. Dreier, Daily Oklahoman; E. E. Blake and L. F. Leach, Jr., O. W. Bogenschutz, publicity director of the Southwestern Bell Telephone company, and W. E. Marsh, Western Newspaper Union, assisted the committee.

100,000 Prescriptions Were Filled Before "40" Was Discovered

J. C. Mendenhall, Evansville, Ind., spent forty years in the drug business, compounded over 100,000 prescriptions from physicians educated in Europe and America before "Number 40 for the Blood" was discovered; the great specific for all blood diseases. Successfully employed in diseases of the glandular system, in blood poison, mercuria and lead poisoning, chronic rheumatism, catarrh, constipation, hepatic congestions, dyspepsia and stomach troubles, sores, ulcers, nodes, tumors and scrofulous swellings that have withstood all other treatment yield to "No. 40."

Taxes Most Unpopular Thing in U. S., Congress Discovers

By News' Special Service

WASHINGTON, Oct. 6.—The most unpopular thing in the United States are taxes, if the protests which are reaching congress can be depended upon as a fair indication. Study of the petitions to congress discloses that there have been more protests against taxes lodged than any other form of protest in the present congress.

Whether prohibition is responsible or not, it is not easy to determine, but it is very evident that soda water and soft drinks are prime favorites with the American people now. Most of the tax protests are launched against the taxes upon soda water and ice cream. These protests even went so far that the house agreed to repeal the taxes upon fruit juices, but the repeal came to a standstill in the senate.

Next to the soda water protests come the tirades against the moves being subjected to taxes. These petitions for the most part declare that movies are the "poor man's theatre," and that it is unjust to place a war tax upon them.

Protests against the taxes upon costly clothing have not come in any great numbers from the peo-

ple, but have been lodged chiefly by those who are in the trade. Numerous agents are working in congress now attempting to secure the repeal of some of the war taxes, and there is a great deal of lobbying going on against the taxes, but it is not meeting with much success.

From all indications the much detested taxes are with us to stay until the war expenses bear less heavily upon the public treasuries. Congress has adopted a policy of repealing none of the taxes unless some other manner of procuring revenue can be offered, and thus far there hasn't been any valuable suggestions. Revision of the war-time taxes is not at all likely in the very near future, because congress is attempting to escape another loan being floated by the treasury department.

While the tax protests are numerous they are not the only protests that reach congress. The American people are pretty quick to speak their mind, and there is seldom a day that goes by but what the American people cost themselves about \$2,000 for expression of opinion. Petitions of protest which are printed in the record generally take up from three to four pages and the cost of printing the Record is high.

Albert Was Among Most Heroic Figures of War and Was Bravest of Brave

"My skin is no better than that of any of my men."

That remark, from a heart steeped in democracy and love for his people, was really the keynote of the character of Albert the first, king of the Belgians.

Albert was one of the most heroic and surely the most pathetic figures of the world war. He was the first to see the frightful horrors of the German invasion, and he and his people suffered the longest and most terribly of all the allies—crushed beneath the hob-nailed boots of German militarism, but never defeated.

Albert never hesitated one moment when on August 2, 1914, he rejected Germany's insolent ultimatum demanding free passage thru Belgium of the hordes of Von Kluck. The world is familiar with the details of the supreme effort made by the gallant Belgian army—how that little handful of men, as compared to the hordes they faced, fought, bled and died in the shambles the German super-artillery made of the steel turreted forts of Liege and Namur.

During the four terrible years of war which followed Albert lived the life of his humblest soldier, shared every hardship of his people and, in addition, carried the burdens which fell only to him as king and leader.

From his early youth, when he was the Belgian crown prince, Albert studied the conditions in his own and foreign countries with the sole purpose of bettering the lot of his people.

Posing as a newspaper correspondent, and partially disguised, Albert in those early days made a tour of the Scandinavian countries, studying business and industrial methods. He visited the United States in 1898 and for some time worked in this country as a reporter on a St. Paul paper. But all the while he was studying American methods, and he learned much in his tour from coast to coast.

At home he lived close to his people and as mule driver in the mines, or a laborer on the railroads, or at some other lowly work, he learned the needs of his people.

No wonder that he was so beloved by his people and the world at large. There is only one instance known where an attempt was made on his life. That occurred in the war and was born of German treachery.

Once in late September, 1914, he was driving behind the Belgian battle line in his automobile, accompanied only by the chauffeur. Suddenly he realized that the chauffeur was driving straight toward the German lines. Albert protested and the chauffeur opened the throttle wider. Albert drew his revolver and shot the chauffeur dead.

It was declared afterward that the driver had papers on his person revealing that he had been promised 200,000 if he delivered the king to the Germans.

Albert ascended the throne of Belgium on December 23, 1909, in succession to his uncle, Leopold II. He was then 34 years old. He found himself ruler of a people torn by dissension. Albert promised a reign of progress and kept his word. One of his first acts was to abolish slavery in the Belgian Congo, which had made Belgium shameful in the eyes of the world, and which Albert knew by a first hand investigation which he made while on a trip to Africa.

Albert won his lovely queen, Elizabeth, in a real heart romance which had its inception at Vienna in 1898. Elizabeth was a Bavarian princess, a daughter of Duke Charles Theodore of Bavaria.

Queen Elizabeth at the start of the war renounced her Bavarian kin. She told Pierre Loti, French academician:

"Everything is at an end between

me and my Bavarian relatives. A curtain of steel has come between us."

Albert himself has a German strain in his blood. His mother was Marie, princess of Hohenzollern-Sigmaringen. His father was the Count of Flanders, son of Leopold I. Because of this relation he was a welcome visitor at Potsdam before the war.

Albert has three children—Prince Leopold, born in 1901; Prince Charles and Princess Marie Joseph. On many occasions Albert cabled to America the thanks of his people and the deep gratitude he felt for the manner in which the United States saved his unfortunate subjects from starvation after the German invasion.

King Albert personally led the last Belgian offensive in the closing weeks of the war when Foch was hammering the German line from the Vosges to the sea. There followed his triumphant entry in Brussels and the restoration of his country after years of occupation by the foe.

Worn children are unhappy, puny and sickly. They can't be otherwise while worms eat away their strength and vitality. A few doses of WHITE'S CHEAM VERMIFUGE performs a marvelous transformation. Cheerfulness, strength and the rosy bloom of health speedily return. Sold by Bart Smith. adv

WOMEN MOBILIZE FOR THE RED CROSS DRIVE

The war achievement of the American women who are being mobilized for the Third Red Cross Roll Call, November 2 to 11, in but one of the numerous activities by which they backed up the country's fighting men, is revealed in the announcement by the Red Cross that in two years they produced nearly \$100,000,000 worth of surgical articles and garments.

It is estimated that 8,000,000 women and girls participated in this tremendous work and it is among them largely that the Red Cross is now recruiting 1,000,000 workers who will assist in the enrollment of members for 1920.

These women, affiliated with over 3,700 chapters, toiled early and late in homes and Red Cross work-rooms throughout the land, and to their efforts was largely attributed the morale maintained in Allied countries through the assistance given the suffering civilian populations, in addition to the cheer and comfort their labor carried to the American troops.

The betterment of health conditions, the improvement in community life, and the training of children for citizenship furnish just as patriotic a motive for service today as did the making of bandages a year ago. It is hoped that the women of the 655 chapters of the Southwestern Division, comprising Missouri, Arkansas, Texas, Kansas and Oklahoma, who produced \$13,000,000 in addition to many hours of service, will rally as valiantly to the peace call as they did to the call of war.

COULD NOT EVEN RAISE UP IN BED

Hastings Tells of Daughter's Wonderful Recovery Through the Use of Tanlac

"My daughter's recovery through the use of Tanlac was so wonderful that I can't help rejoicing over it," said J. C. Hastings, a well-known farmer living at Allie, Tex.

"For two years," he continued, "she was sick with stomach trouble and neuralgia and her sufferings were something awful. Most everything she ate would give her trouble, and many a time she would wake up in the night in so much distress that she couldn't speak or even raise herself up in bed. By morning she would be so weak and worn out that she would be hardly able to get up at all. In fact she had to spend most of her time in bed and was forced to give up her housework, and I was afraid she would never get well."

"I read in the papers about a friend of mine who had been relieved by taking Tanlac, so I got the medicine for my daughter and now she is like a different person. Instead of lying in bed weak and miserable, she is the first one up in the mornings and is now well and strong enough to take up her housework again. She never complains of suffering like she did before, and from the way Tanlac has built her up I have so much faith in it that I never expect to be without it in the house."

SUMMER WHITE HOUSE NEAR DENVER IS PLANNED

By the Associated Press

DENVER, Colo., Oct. 7.—The movement to establish a "summer White House" on Mount Falcon, fifteen miles from Denver and in the Rocky mountains, has been revived by Colorado citizens. The war interrupted the campaign started several years ago with the object of providing a picturesque mountain place where presidents of the United States might find refuge during the warm months.

The building, it is estimated, would require an initial expenditure of \$50,000 and leaders of the campaign plan to raise \$250,000 additional to complete the entire structure and put the grounds in shape.

The summer home would be held in trust by the governors of the twenty-two states west of the Mississippi river, acting as a board of regents.

PRODUCTION IS ALL THAT WILL DO

MUCH WASTE MUST BE FOLLOWED BY MUCH SAVING AND MUCH INCREASED PRODUCTION.

By News' Special Service

WASHINGTON, Oct. 6.—After an investigation of the high cost of living problem, the council of national defense finds:

That the nation's productive powers have not been fully utilized since the armistice.

That too few goods, notably the necessities of life, have been produced and that even some of these goods have been withheld from the market.

That the high cost of living is due in part to unavoidable war waste and increase of money and credit.

That there has been and is considerable profiteering, intentional and unintentional.

The council believes that the remedies for the situation are:

To produce more goods, and to produce them in proportion to the needs of the people.

To stamp out profiteering and stop unnecessary hoarding.

To enforce vigorously present laws and promptly to enact such further laws as are necessary to prevent and punish profiteering and needless hoarding.

To bring about better co-operation and method in distributing and marketing methods.

To keep both producer and consumer fully informed as to what goods are needed and as to what supplies are available, so that production may anticipate the country's demands.

"Better standards of living are impossible without producing more goods," said the council's announcement.

"At the war's end we and our allies had desperate need of the essentials of life. We have had to share our resources with them, but this drain will gradually lessen."

"The process of production requires time. If production is rapidly increasing, vastly improved conditions will prevail in America when the results of present and future labor begin to appear."

"Teamwork is imperative. The manufacturer, the farmer, the distributor must each immediately assume his part of the burden."

"On American business rests responsibility for efficient co-operation in bringing about full and proportionate production. On American labor rests an equally grave responsibility to attain maximum unit production and maintain uninterrupted distribution of goods if labor is not to suffer from further rises in the cost of living."

"The entire nation—producer, distributor and consumer alike—should return to the unity that won the war. Group interest and undue personal gain must give way to the good of the whole nation if the situation is to be squarely met."

The council is composed of Sec-

retaries Baker, Daniels, Lane, Houston, Redfield and Wilson and Geo. B. Clarkson as director.
